

Ethical Statement

We take ethical considerations seriously. Here are a few of the things we do:

- ✓ The roof of our main building is covered in solar panels (if you charge your devices during daylight hours, chances are you'll be recharging on solar)
- ✓ Fairtrade – we serve Fairtrade teas and coffees and sell Fairtrade chocolate
- ✓ We compost our peelings and try to minimise food waste
- ✓ We recycle paper, card, tins, plastic and glass
- ✓ We use eco friendly concentrated cleaning products with a reusable bottle system
- ✓ Our dining room crockery is made by a local pottery, Surrey Ceramics

Please help us by recycling your waste during your stay with us.

Thank you!
